

Dear Sir/Mdm,

Testimonial for Shivansh Mittal

It is my utmost pleasure to recommend Shivansh Mittal for the abovementioned position. I have known Shivansh for his role as a Professional Development Director in the 36th Management Committee of Rotaract Club of National Technological University. Despite the short period of time of knowing each other, Shivansh has left with me a positive impression with his active participation in our district events, his capability to deliver relevant and high-quality events, and genuine heart to serve the community.

In his time as the Professional Development Director over the past academic year, Shivansh and his division have delivered numerous in-demand workshops to promote soft skills development in their members in Rotaract. Some of these events include trainings in Personal Branding and Networking as well as workshops on Teamwork and Leadership Skills. What impressed me the most was the Mentor-Mentee Programme which Shivansh was involved in the planning. In the Mentor-Mentee programme, NTU students were paired with working professionals from Rotary, enabling the students to concurrently receive mentorship as well as gain event management skills from their working relationship with the working professionals. This programme has received positive feedback from its participating parties and is planned to have subsequent runs. Rotaract District 3310 has awarded this programme the Bronze Prize for the Best Professional Development Award in our Annual Award Ceremony for its outstanding impact and outcomes among other nominations we have received across Singapore and Malaysia.

Having concluded as a successful commencement of his events and his role, Shivansh has definitely displayed resilience, responsibility and excellence. More than that, he gained himself experiences in variety of functions including overseeing operations, events management and social skills from working with youths and working professionals. This exemplified him as an individual who is well-versed in a diversity of job tasks. Leading a project in a wide network of Rotaract and Rotary further accentuates his ability to work with different personalities, which will be beneficial in working in a team-setting workforce. Shivansh has also been well-liked by his committee members, with his President complimenting him as a dedicated, kind and responsible committee member to work with.

I recommend Shivansh for this placement without reservation. With his strong work ethics and propensity to thrive in high-stress environment, I am confident that he will be a great asset to the position he has applied for. I will be more than glad to assist if you require additional information about this outstanding candidate for the placement.

Sincerely,

Chew Tai Wen

District Rotaract Representative Rotary Year 2020-21
