

To Whom It May Concern,

I am writing this letter in appreciation of work done by Shivansh Mittal for the Rotaract Club of NTU, Singapore from July 2020 - July 2021 in the capacity of the Professional Development Director of the 36th Management Committee.

Over the course of a year, he performed his responsibilities with sincerity and dedication by leading his division to organize three workshops focused on nourishing a Rotaractor's skills for their professional career as well as instituting a Mentor-Mentee Programme that brought us in closer relationship with external stakeholders such as Rotarians from Rotary Club of Tanglin. He was always approachable and respectful in his communication with the external stakeholders ensuring they had a pleasant collaboration with our Club. Shivansh met each event's deadlines with minimal guidance and effective stress management.

Our team received positive and complimentary feedback from his division members regarding his leadership and management across all events. I've known him to be a trustworthy, kind and outgoing person who can make friends with peers from all communities.

It's my pleasure to offer my unreserved recommendation for Shivansh Mittal for the suitable position that he may have applied for. I believe that he would definitely be an asset to your organization. I'd be happy to answer any questions or discuss my recommendation further.

Sincerely

  
Rotaract  Nanyang  
Technological  
University

Jack Tan (Mr.)
